

## Ozone generator with plasma technology

**Application:** Drinking water treatment,  
Ozone biofiltration

**City/Country:** Sund/Norway

### **Project info:**

**Capacity:** 4 x 100 g of ozone at 7 % (wt)  
**Number of plants:** 4 x Plasma PBA 120  
**Process gas:** Oxygen, generated on site (PSA)  
**Year of realisation:** 2015  
**Specialities:** Expansion of existing plant
